

Laurissa Sieklicki, piano teacher

RMT, ATCL and MYC

I have been teaching piano since I was a teenager, travelling around the block giving lessons to neighbourhood kids. By now I've been teaching for over 15 years and have an associate diploma in performance from Trinity College London, RCM Level 10, and level 2 training with Music for Young Children. I started my full-time studio (Dolce Piano Studio) in Saskatoon in 2010 and moved to Manitoba the summer of 2017, where I eagerly started up a new studio location. I retained my studio in Saskatoon and go there for all of the recitals to keep abreast of my student's progress and to make sure my teachers have everything they need to provide a fantastic musical education.

I am passionate about teaching piano in a fun, yet professional, way. I teach MYC group lessons (ages 2-9) as well as private piano lessons (any age) and am always welcoming new students.
